

eTILE 15M

The eTILE 15M is an ultra-thin, ultra-powerful and multi-purpose 15.6" multitouch PC tile, based on Intel® Core™ Processor technology and built to perform in the most demanding commercial environments. The eTILE 15M is highly robust with built-in cable management so that no ports are visible to the customer, making the device totally secure and tamper proof.

- + Ideal for POS due to its small size
- + No necessity for an enclosure or kiosk
- + Low operating and installation costs
- + Robust PCT panel: dust and water proof (IP65)

35mm

eTILE 15M

Dimensions	380.5 x 230 x 35 mm (W x H x D)	Touch Panel	PCT Multi Touch Surface (10 point touch) Pencil Hardness 7H per ASTM D3363 Pen Hitting: more than 20,000,000 times (loading 180g)
Weight	3.5kg	Speakers	Built-in 2W Stereo Speaker
Mass Storage	2.5" SATA III HDD x1 (optional 2.5" SATA SSD x1)	Webcam	Built-in 1.0M
CPU	Intel® 2nd and 3rd generation Intel® Core™ i3, i5, i7 mobile processor TDP≤35W	Security	Hidden Keypad Magnetized/Secure cable and port cover
Chipset	Intel® QM77	System I/O	DC 19V Jack x1 RS232 Port (Monitor) x1 HDMI Out Port x1 RJ45 LAN Jack x1 USB2.0 x2 USB 3.0 x2 Line-out x1, Mic-in x1
Memory	Supports: 2 x DDRIII SO-DIMM (Max 8G)	Front Panel	IP65 grade Dust- & Waterproof
LAN	Single Intel Gigabit Ethernet 10/100/1000 Built-in WiFi antenna (optional Wi-Fi card b/g/n)	Watchdog Timer	1 sec ~ 255 sec
Audio	Realtek ALC886	Accessories	Wall Mount Kit x1 120W Power Adapter x1 Power Cord x1 Utilities & Drivers CD x1
Mini-Card Slot	Full size x1 (support mSATA), Half size x1		
LCD	Default Resolution : 15.6" (1920x1080) Maximum Brightness : 300 Nits		
Aspect Ratio/Resolution	16:9/Full HD
